Ark Pioneer Academy Classrooms

There are many spaces used for learning in Ark Pioneer Academy's building. The following subjects are taught in standard classrooms: English, Maths, History, Geography, French and Religious Education (RE) and some enrichment lessons, such as Film and Media, Creative Writing, Spanish and German. These classrooms have desks and chairs that seat two pupils and each classroom contains fifteen desks. Each classroom contains two large teaching whiteboards fixed at the front of the classroom; one whiteboard is interactive and connects to the teacher's laptop. This can be used by the teacher to present lessons using slideshows, images, music or video clips. These boards can also be written on using the teacher's finger or an electronic pen. Each classroom also contains a traditional whiteboard which the teacher can write on using whiteboard pens which are erased using a board wiper.

Exercise books for each subject remain with the class teacher in the classroom and these are handed out at the start of each lesson. Homework is usually completed on plain or lined paper and may be stuck into exercise books during lessons. Each classroom also has 30 mini-whiteboards, whiteboard pens and wipers kept in plastic wallets. Each pupils has a set of these often used at the start of lessons. An activity called a 'Do Now' will be on the interactive whiteboard and pupils write their answers on their mini whiteboard which is then lifted up and shown to the teacher when requested.

Each standard classroom has an entry door which is usually kept open during lessons. When the teacher needs a quieter classroom the door may be closed and passing staff can see into the room through

the viewing panel. There are windows across one full side of the wall. This allows plenty of natural light to enter the classroom to create a pleasant learning environment. The windows can be opened or closed and blinds raised or lowered to adjust the room temperature and light in the room. The school also has radiators for use during the colder months. Each standard classroom is carpeted to keep disruptive classroom furniture noise to a minimum. Each classroom also has a wall clock, a recycling bin and a general waste bin.

Pupils are expected to bring their own pencil case to school containing the following items: a black or blue pen and a red pen such as a biro or gel pen. A pencil, pencil sharpener, rubber and ruler. For maths you are also required to provide your own calculator and compass set. The school office or your maths teacher can advise which specific type to purchase. If scissors, glue-sticks or colouring pencils are needed in a lesson, the class teacher will provide these – though pupils can bring their own if they wish.
